CARFAX Glossary

Inspections

Periodic examination of a vehicle to ensure compliance with road worthiness, emissions and safety requirements.

Ipoteca

"Ipoteca" is a security in favor of a creditor over a vehicle belonging to the debtor: creditors can protect themselves by taking out an "Ipoteca" on the vehicle. "Ipoteca" creates a lien on the vehicle without preventing the owner from using and disposing/selling the vehicle. The mortgage, once registered, follows the vehicle until the secured claim is extinguished, even if there are subsequent transfers of ownership.

Number of odometer readings

The periodic mileage as reported to CARFAX. A greater number of odometer readings increases the likelihood of correct mileage.

Number of records

A CARFAX record refers to a specific incidence and date in the history of the vehicle. Please note that the history of younger vehicles tends to have fewer entries. CARFAX continuously works on getting more data sources and historical information in order to enrich the report

Quick Check

A snapshot of the information CARFAX has abstracted from our extensive database to determine whether a vehicle has been reported stolen, reported scrapped, publicly imported or ever used for non-personal purposes. This summary is based upon all the information supplied to CARFAX from various sources. Additional information about this vehicle, including these potential problems, may exist and may not have been reported to CARFAX.

Vehicle reference

User-provided value to identify the vehicle during the CARFAX Vehicle History Report retrieval process and to confirm vehicle identity on the report itself.

Vincoli

There is an administrative impoundment or upcoming seizure, what means that the car may not be used or sold. Reasons for a seizure, can be drunk driving, not paid taxes or no valid insurance.
